“SAFETY IN HEAT” CAMPAIGN
HOSTED BY
EHS OFFICE – COMMUNICATION & AWARENESS SECTION (AL AIN MUNICIPALITY)

Safety in Heat Campaign – New Al Ain Hospital Project
Safety in Heat Campaign – New Al Ain Hospital Project

ORGANIZED AT NEW AL AIN HOSPITAL PROJECT
On receipt of communication from EHS Office – Communication & Awareness Section (Al Ain Municipality) dated August 30, 2017, the requirements of Safety Awareness Program were discussed with Project Key Personnel.

A schedule was developed regarding the agenda and activities to be carried out during “Safety Awareness Campaign” and communicated with all concerned.

Afterwards, as per the schedule, Awareness Trainings on ‘Safety in Heat’ were organized by Al Ain Municipality executives on 07.09.2017 for Site Engineers/Supervisors and Operatives.

Mr. Hasher Al Azeezi (Senior Project Manager - Musanada), Mr. Basim Obaid (Project Manager - Musanada), Mr. Donal Morrissey (Resident Engineer – IFO) and Mr. Zaher Salman (Project Director ASJ) were actively involved in the campaign.

After the successful completion of Safety Awareness Campaign, Project Employees pledged that they will adhere to HSE Regulations and Safe Working Procedures at work places to prevent Work Place Incidents, Occupational Diseases and Environmental Pollution in order to ensure Safe and Healthy Working Environment.

Appreciation/reward from Al Ain Municipality Executives and Senior Management has really motivated employees to work in a proactive manner in order to achieve the targets within stipulated time scale without any untoward incident at Project Site.
Program Objectives

- The overall objective of this program was to educate and ensure awareness among employees on proactive measures during hot weather to “prevent heat related illness and to eliminate the risks of heat related illnesses.

- To enhance their knowledge regarding legal requirements pertaining to “Abu Dhabi Occupational Safety and Health System Framework (OSHAD-SF) Code of Practice CoP 11.0 – Version 3.1 June 2017 “Safety in the Heat” requirements.

- To comply with Legal requirements, Musanada Key HSE requirements and ASJV HSE Polices & Procedures.
